

SMART Repair Technician Job Description

DWV is expanding, and we want you to join our nationwide team! As one of the UK's leading mobile SMART repair providers, we offer an exciting opportunity to work with state-of-the-art equipment, receive high-level training, and enjoy the support of our dedicated management structure.

- Competitive salary with bonus (OTE £40k - £65k)
- Generous basic salary, plus open-ended bonus
- Extra bonuses added on
- Optional weekend work
- Overtime available
- No selling or cold calling
- All work is pre-vetted and approved before being sent directly to your calendar
- Spray gun ownership scheme
- Full induction and one-to-one training and support
- Minimum of 20 days paid holiday each year, with additional paid holidays awarded
- Fully stocked van with industry leading equipment
- Vans fitted with air fed-masks and separate pure air feed
- Uniform, mobile phone and fuel cards for all technicians
- Workplace pension
- Support from your Regional and National Technical Manager

WHAT WE EXPECT FROM YOU

- 3+ years experience as a SMART repair technician
- You are motivated, driven, and have a close attention to detail
- You have a full UK driving licence
- You are proud of your skills, and proud of doing a good job
- Desire to take control of your future
- You have good customer service skills
- You follow health and safety, and quality control processes

SHOW ME THE MONEY!

- Very realistic OTE £40k– £65k
- Guaranteed bonus in first three months following induction training
- Up to 15% bonus paid on all work completed
- A performance bonus will be added if you keep your consumable spend low, billing above your target, declines below 9%, customer complaints under 2%, and if you drive within the speed limit
- 'Technician of the Month' awards
- Annual performance 'club' bonus – up to £7,500 paid, based on total year's repair value
- Weekend work is optional; it is available for technicians who wish to earn extra money
